Office Hours -- 8:00-4:30 Mon-Fri

2

Bills are due upon receipt and must be paid on or before the due date to avoid a late charge. If you have questions concerning your bill, please call our office during business hours.

For any account disconnected for non-payment, full payment of the delinquent bill, final billing, collection fee and reconnect fee will be required before service is reconnected. An additional deposit may also be required.

Any NSF check received must be paid for in our office within 3 working days or service will be disconnected. Service will be disconnected immediately on checks received that are marked "Account Closed."

Failure to receive bill does not avoid payment.

Please see reverse for usage detail.

BILL LINE ITEM DESCRIPTIONS

Service Charge: The monthly service charge is designed to cover the fixed cost of making electric service available to members such as system facilities investment, operations and maintenance costs. Even if a member uses no electricity, PC Electric still incurs costs related to maintaining lines, service drops, transformers, meters and other equipment necessary to supply electric service.

Fuel and Power Cost Adjustment: The fuel adjustment is the cost of fuel that the power supplier uses at the power plant to generate the electricity PC Electric distributes to its members. The power cost adjustment covers any base rate overcollection or undercollection of the non-fuel power bill costs. The fuel and power cost adjustment rate per KWH varies from month to month.

KWH & Cost Comparison	No. Days	Total KWH	KWH Per Day	Total Monthly Cost	Avg. Cost Per Day
Current Month	29	1969	68	\$209.86	\$7.24
Last Month	33	2701	82	\$256.97	\$7.79
This Month Last Year	28	2564	92	\$237.42	\$8.48

14

WHEN YOUR SERVICE IS INTERRUPTED

1. Check your fuses or circuit breakers. If some of your lights work, the trouble may be on your own electric service.
2. If all the lights are off, call your neighbors to determine whether or not they have power, then report trouble promptly. This information helps us and you by determining if this is an individual or line outage.
3. Report to our office anything unusual such as a broken wire, tree on line or open fuse holder. Do not ever touch any downed lines!
4. When Reporting Trouble -- Give The Map Location Number That Appears On Your Bill.

This institution is an equal opportunity provider and employer.
